

HopBurst® Nectarone®

- ✓ 100% Natural
- ✓ Beer Clean
- ✓ Kosher and Halal compliant
- ✓ Gluten Free
- ✓ Made from New Zealand hop variety
- ✓ Suitable for hoppy beer styles, craft lagers, and low/no alcohol beer.

Bitterness: Does not contain any alpha acid and is therefore, light stable.

Description: A natural, flowable, fully soluble hop extract with passionfruit, pineapple, and stone fruit aromas providing a punchy tropical fruit character. Best suited for top notes in modern lagers, pale ales, NEIPA's and IPA's.

Starting Dose Rate: 10-15 g/hL

Where to Dose: Post-fermentation, post-filtration, into bright beer tank. Can be added late stage fermentation (last 24 hours) to increase bio-transformations and ester content.

How to Dose: In-line dosing system or directly into BBT before it is filled.

Storage: Store for up to one year at ambient temperature unopened. Once opened, use within 3 months.
